

# Power up!

An electric drill is a versatile, must-have tool for every home – get the right one for you at Cashbuild

CASHBUILD stocks a wide variety of cordless drills, impact drills, pneumatic hammer-action drills, angle grinders, saws – in both compact and jigsaw varieties – orbital sanders, planers and heat guns. But which tool to use for what purpose?

### ANGLE GRINDERS

are ideal for a wide variety of cutting and grinding applications. They're available in a range of input ratings and strengths.

### IMPACT DRILLS

vary in input power. They're lightweight, easy-to-use and suitable for most jobs around the house with enough power to drill into hard surfaces.

### PNEUMATIC HAMMER-ACTION

drills are ideal for drilling into concrete. This can be a tough job and if you want to do it right, you need a drill that's up to the challenge. Look for a drill with a higher power rating (from 750 W upwards).

### CORDLESS DRILLS

are perfect for everyday jobs around the house, such as hanging pictures on the wall, screwing cupboard hinges into place or putting together your new garden furniture kit.

### THE PLACE TO GO FOR DIY

The Bosch and Skil ranges of power tools available at Cashbuild include products that are perfect for all kinds of DIY applications – from drilling holes into concrete and smoothing rough surfaces to cutting through tough material. All the tools come with a manufacturer's warranty.

The range includes:

- The Bosch 2 000 W angle grinder, suitable for heavy-duty tasks.
- The Bosch 670 W angle grinder, for everyday home use.
- The Bosch 500 W impact drill, perfect for home DIY tasks.
- The Skil 500 W impact drill,

hardy and reliable for standard DIY tasks.

- The Skil 600 W angle grinder, ideal for regular grinding at home.
- The Skil 380 W bow-handle jigsaw, great for smaller home cutting tasks.
- The Skil 1 200 W circular saw, a strong and hardy tool that goes the distance.
- The Bosch drill-bit set, a must-have in any DIY enthusiast's arsenal.
- Safety goggles. Remember, safety comes first! Always wear these to protect your eyes while you work.

- Visit your nearest Cashbuild store to find the right power tools for you.
