

PROJECT 9

Waterproof a roof leak

You'll need

Cleaning brush, brush adhesive flashing, paintbrush, Super Laykold

STEP 1

Thoroughly clean the area around the leak with a cleaning brush.

STEP 2

Place adhesive flashing on the problem area. Use a clean, dry brush to press down the flashing.

STEP 3

Apply Super Laykold over and around the flashing. Leave to dry.

Outdoor chair R599,99, Stodels. Striped cushion with ties R59,99, Sheet Street.
